IN THE AGRICULTURAL LIMELIGHT

FFA members went to the Hillsborough county fairgrounds last weekend for the fair workday. They worked very hard setting up livestock enclosures and filling them with shavings. They worked all morning preparing the fairgrounds for the public to enjoy. Come support you agriculture students at the Hillsborough County fair this 11/4/22-11/13/22 located at 215 Sydney washer Rd.

LA NIÑA

Whoosh! Did you feel that? It was the strong winds from La Niña. La Niña is a weather occurrence that happens when strong winds blow warm water of the Pacific Ocean across the equator toward other parts of Asia and Australia. It causes cooler water to rise to the surface which has wide-ranging effects on the weather. La Niña positively impacts the agriculture community.

WHAT'S NEW IN AG?

The annual Hillsborough County Fair is creeping up on us this month! Kids participating in this event are working harder than ever to prepare. We want to bring home ribbons and checks! So support and cheer on your friends! This event is November 3-5th so bring your boots and cow bells and get ready to have an extraordinary time with FFA exhibitors.

REFLECTION...

We have completed a food drive for hurricane Ian victims and we hope to do two more this year. Hopefully, in December and March we can have the other food drives. We are trying to help as much as we can for the Hurricane Ian recovery. We have received so many donations from all of you! We are so grateful for all of your support! We hope we can have even more donations next time! Again, we want to say a **BIG THANK YOU!**

An outpouring of generosity from the Martinez Community to assist our neighbors in the South affected by Hurricane Ian.
