

Autism Spectrum Disorder

Center for Autism and Related Disorders (CARD) at USF

CARD's purpose is to enhance the lives of individuals we serve by helping them become valued members of their communities. CARD offers free supports within the natural contexts of all settings including homes, child care programs, schools, work, and community businesses and programs. Our CARD consultants provide direct assistance to families, schools and agencies by providing specific strategies and resources to meet an individual's needs. It can include any or all of the following:

- phone/e-mail contacts and home-based consultation for an individual
- community site visits
- attending meetings
- research and resource dissemination
- connecting families to community supports
- assistance with implementing ideas from training sessions
