Life Center of the Suncoast

Counseling and coaching are available through Life Center with experienced counselors and certified coaches.

Grief and trauma counseling for victims of crime: The Life Center provides individual and family counseling for victims of traumatic loss or survivors of crime incident. We are able to provide these services free of charge for Victims of Crime (VOCA) through a State of Florida VOCA grant.

Grief and trauma counseling: Individuals (\$75) and Families (3+, \$100) are motivated to change their perceptions through therapeutic techniques that help to reduce the fear, panic, anger, anxiety and somatic symptoms often associated with post-traumatic stress, due to traumatic death, illness or etc.

Underserved Program: The LIFE Center's Underserved Program began in January of 2019 and was implemented to cover the cost of grief counseling for those who have difficulty affording our rates and have lost a loved one to suicide, vehicular accident, or illness.

Monthly support groups and workshops: Workshop and Group participation encourages members to develop strategies for changing beliefs and behaviors, to live more productively, and to improve social functioning. Through interaction with trained staff, they learn to support one another through the stages of grief and recovery. Their sharing may heal the pain and isolation of loss.
