PRINCIPAL BURTON'S PERSPECTIVE

WORD A Tradition of Loyalty and a Vision for the Future from the principal

Dear Middleton Family,

I hope this message finds you well and energized for another fantastic week at Middleton High School. I am thrilled to share some incredible news about two of our very own, Mr. Robert Dodson and Mr. Robert Heinsen, who have both been awarded the prestigious USF Master Teacher Fellowships through the MISTTIC program. Out of the 20 teachers selected across the district, Middleton is the **only** school with **two** teachers chosen for this incredible honor. This recognition speaks volumes about the quality of educators we have here at Middleton.

Additionally, I want to extend a huge thank you to Mr. Canady and our Student Government Association for organizing a phenomenal Freshmen Social. This event was the perfect way to help our newest Tigers feel connected and inspired to carry on the Middleton legacy of loyalty, commitment, community, and collaboration. Events like these are what make our school so special, and I am grateful for the effort and enthusiasm that went into making it such a success.

Lastly, let's give a big shout-out to our football team, cheerleaders, Golden Dolls, and the ever-superior Middleton Tigers Marching "99" for their incredible performance both on and off the field at Friday night's game against Riverview High School. Although we conceded the win, 41 to 12, the resilience and heart shown by our football team was remarkable. Our band, cheerleaders, and dance teams continue to trailblaze with their top-tier performances, and they truly make us proud to be Tigers. Keep fighting and pushing forward —our winning season is still ahead!

Calling ALL Juniors and Seniors! Don't miss one of only two opportunities to get support from college counselors on Wednesday, September 11, 2025. Sessions on graduation requirements, careers, business, and more!

Don't miss one of only two opportunities to get support from college counselors on Wednesday, September 11, 2025. Sessions on graduation requirements, careers, business, and more!

NEW HCPS ELECTRONIC DEVICES POLICY!

As in school districts nationwide, HCPS has a strict cell phone and electronic use policy. This applies to all personal electronics including (but not limited to) cell phones, earbuds, headphones, smartwatches, tablets, gaming devices, etc.

Simply put, there are only 3 times of the day that students may use, have out, or be wearing their devices:

1. Before school
2. During the student's scheduled lunch time
3. After dismissal

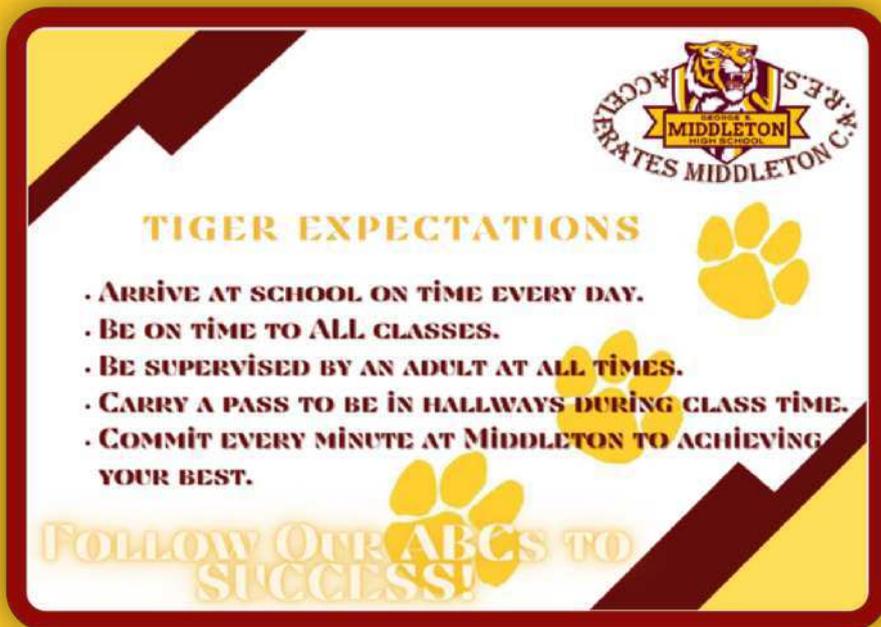

INTERVENTIONS AND CONSEQUENCES ARE IN PLACE

Students will be redirected and given one chance to comply: They must turn off/silence AND put away the devices in their book bag.

Students will be issued an incident infraction or office referral.

Students will lose privileges and/or serve detentions or lunch detail.

Devices will be confiscated and returned to parent or guardian via face-to-face conference.

MIDDLETON

STUDENT EXPECTATIONS DISTRICT POLICIES

Attendance

How does September attendance relate to chronic absence for the year?

A small proportion of students (12.6%) who missed fewer than 2 days in September went on to be chronically absent.

In contrast, nearly half (49.5%) of those missing 2 to 4 days in September went on to be chronically absent, and 87.8% of students absent for more than 4 days in September were chronically absent over the whole school year.

Students who missed 2 to 4 days in September were 5 x more likely than those who missed fewer than 2 days to be chronically absent for the year!

This study was completed through the generous support of the Jacob and Hilda Blaustein Foundation, the Aaron and Lillie Straus Foundation and the Wright Family Foundation.

Schedule Change Requests

Parents and Students,

First and foremost, we want to thank our students and parents for their patience with schedule change requests. We have received over 500 requests.

Students select courses in the spring for the upcoming school year. Once course counts are calculated, allocations (Teacher positions and course sections) are determined based on requests.

For example, we had 90 requests for AP Physics therefore we have 3 sections. Now we have 40 additional requests for AP physics due to students taking online courses over the summer. We have done our best to accommodate students, but many of these courses are now at capacity.

Due to class size restraints and current teacher allocations student requests for the same class in a different period, student requests for a different teacher, student requests for different elective will cannot be granted.

We ask your cooperation and understanding the schedule change requests that we can accommodate are:

1. You have a class on your schedule for which you have already earned credit.
2. There is a missing class period in your schedule (e.g., no class is printed 3rd Period in schedule).
3. You are missing a core subject (ELA, Math, Science, Social Studies) needed to meet graduation requirements.
4. You are a senior who needs a class to meet graduation requirements
5. You did not get scheduled into the next successive year of a program (e.g., were in Spanish 1, need Spanish 2 consecutively)
